The [Orlando Christian Flying Club](#) located at the Sanford international Airport South East ramp is proud to host the [Aviation Explorers 747](#) for a one-day [plane wash](#). All proceeds from the event will help fund the Explorers trip to the EAA Airventure 2021 show in Oshkosh, WI. The members performing the plane wash are in various stages of earning their private pilot licenses and understand the criticality of all proper aircraft handling and maintenance. The plane wash will be supervised by badged members of the Orlando Christian Flying club with approved wash materials and instruction.

We hope that you can support this aspiring group of young men as they eagerly pursue their aviation passion through the plane wash fund raiser and get a chance to talk to them as they clean your aircraft.

If you are unable to attend the event or miss out on one of the 16 slots available and want to help this group, please find a general donation form on the last page.
